

The House Teaches
**Wine bottle
gift tag**

As seen in the 2010 brochure.

1. Make casting

Make a paper casting with the Bunch of Grapes cookie mold. See our paper casting instructions if necessary.

2. Apply fixative

Apply a coat of spray fixative to the top surface of the paper casting and let it dry. This will keep the acrylic paints from bleeding.

3. Paint the paper casting

Mix burgundy with glazing medium and paint all grapes. Shade left side of grapes with plain burgundy paint. Mix olive green paint and glazing medium and paint leaves. Shade leaves with straight olive green paint. Paint the stem and add details to leaves with raw umber. Highlight right hand side of grapes by dry brushing white paint. *Let dry.*

4. Apply ribbon

Cut 6" ribbon and glue to the back of the paper casting. Cut coordinating paper and glue the casting to the paper, covering the raw ends of the ribbon.

5. Add note

Write message on the back of the completed gift tag.

Supply List
